Objective

Dynamic and detail-oriented engineering graduate with a robust foundation in software development and web technologies, complemented by hands-on internships in Flutter and web design. Proficient in HTML, CSS, and JavaScript, demonstrating a strong ability to create responsive and user-friendly applications. Passionate about leveraging creative problem-solving skills and adaptability to contribute effectively to innovative projects. Eager to apply technical knowledge and collaborative spirit to drive success in a challenging role within the tech industry.

Education

Qualification	Board / University	Name of collage	Year of Passing	Percentage / CGPA
B. E (Computer Science)	VTU University Belagavi . Karnataka	Moodlakatte Institute of Technology, Kundapura	JUNE - 2025	8.82
12 th	State Board	Nutana Independent Science College, Davangere	JULY – 2021	96.44
10 th	State Board	B L R junior High School, Sirigere	APRIL - 2019	92.48

Projects

- **Restaurant Management System – Web Application**
Technologies: Python, SQLite3
Developed a web-based restaurant application that allows users to place orders directly to the kitchen. Includes an admin panel with full CRUD operations for managing food items and menu updates.
- **Emotion Detection Application**
Technologies: Python, Streamlit, SQLite3
Built a facial emotion detection app using Python that identifies emotions from images, videos, and live webcam feed. Provides real-time results with probability scores (0–1) within seconds.
- **Wheat Disease Detection using CNN**
Technologies: Python, TensorFlow (Keras), Flask, CNN
Developed a deep learning-based web application to detect **Septoria** and **Stripe Rust** in wheat leaves using CNN. Achieved over **95% accuracy** and deployed the model using Flask for real-time image-based predictions.

Experience (Internship)

- **Java full stack Development Intern | J Spiders Btm layout Bengaluru | Offline** **Feb,2025 - Present**
Currently undergoing Java Full Stack Development training, where I have completed modules in Core Java, HTML, CSS, JavaScript, and MySQL. I am gaining hands-on experience in building web applications and understanding full-stack development workflows. I have worked with tools such as Eclipse, Visual Studio Code, and SQL Plus to develop and test code effectively. The training also involves real-time mini projects that enhance both front-end and back-end development skills.
- **Flutter framework Intern | Sumana Embedded Technologies | Remote** **Sep,2024 – Dec ,2024**
Successfully executed on the internship project involving defining, designing, implementing and testing software module of image optimization on PC using flutter framework (dart language) ahead of two-month stipulated time.

- **Web Development and Design Intern | OASIS INFBYTE |Remote** **Aug,2024 – Sep , 2024**
Successfully completed two levels of tasks, gaining hands-on experience in front-end and back-end development. Designed and developed various web applications, including a temperature conversion website, landing page, calculator, to-do app, login authentication system, and a tribute page. Enhanced skills in HTML, CSS, JavaScript, and authentication mechanisms while improving UI/UX design. Demonstrated problem-solving abilities and attention to detail in building responsive and functional web solutions.

Skills

Programming Languages: C, Java, Python, HTML, CSS, JavaScript, MySQL, Dart (basic about Flutter),Django (Framework).

Tools & Technologies: Visual Studio Code, GitHub, Eclipse, WampServer, Google colab.

Soft Skills: Creativity, Teamwork, Leadership, Communication, Public Speaking, Time Management, Adaptability.

Certificates

- Java Software Development with Grade A in ICT ACADEMY(Infosys)
- Web Development and Designing in OASIS INFOBYTE.
- java Script for Beginners :The Complete course for Beginners in Udemy.
- Hacker Rank Certificate for skill Problem solving (Basic).
- Foundations Of Project in Coursera
- Data Analytics with Python in Cognitive Class.
- Google Data Analytics in Coursera.
- Google Finance Data Analyst Professional Certificate in Coursera.
- TCS iON Career Edge - Young Professional (a course that covers Communication Skills |Presentation Skills | Soft Skills).
